# **1. Introduction**

## **1.1 Purpose of the Document**

This user manual provides comprehensive guidance for using the Agreement Tracking System developed by Sonali Intellect Limited. The system allows authorized users to create, manage, and track agreements with automated reminder notifications.

## **1.2 System Overview**

The Agreement Tracking System is a web-based application with:

- Secure user authentication
- Agreement creation and management capabilities
- Department-based permission system
- Automated email reminders for agreement expirations
- Administrative controls for user, department and party management

# **2. System Access**

## **2.1 Login Process**

1. Navigate to the PaperTrail Suite web application
2. Enter your registered email address in the "Your Email ID" field
3. Enter your password in the "Your Password" field
4. Click the "Sign In" button

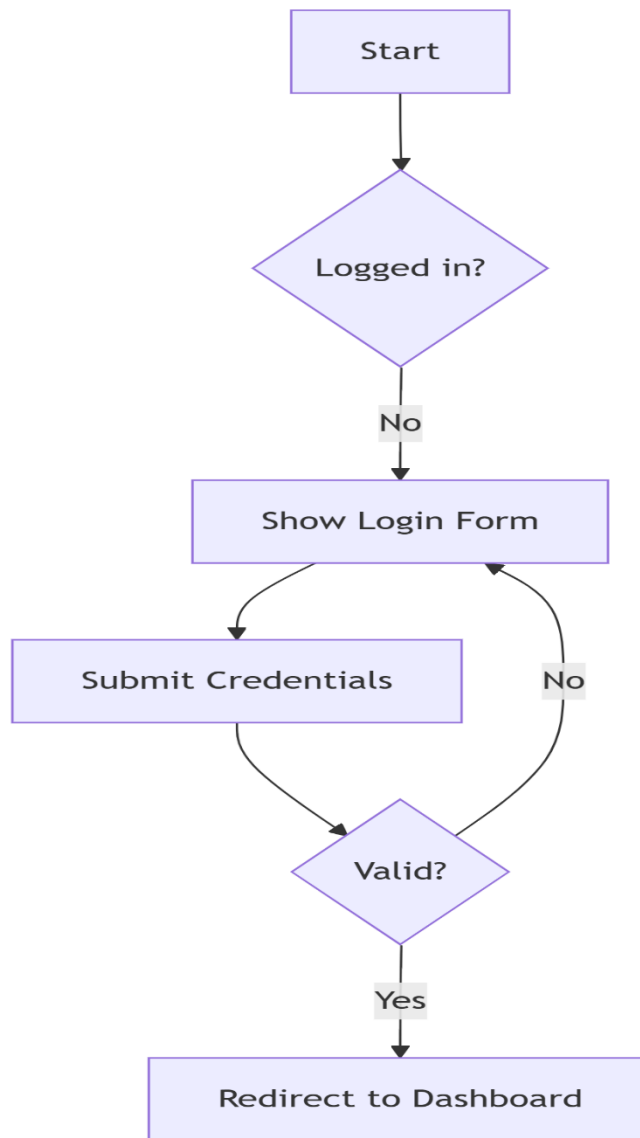

### **Outcomes:**

- Success: Redirect to Dashboard
- Invalid Credentials: "Login Failed" error message

## **2.2 Session Management**

- Sessions automatically expire after 5 minutes of inactivity
- Dashboard automatically refreshes after 30 seconds

- Only one active session is allowed per user

## 3. Agreement Management

### 3.1 Creating a New Agreement

1. From the Dashboard, click "Agreement". This will redirect to my agreements page where user can see all the agreements that he/she has created as well as all the agreements from user's own department. Also user can see the agreements of a particular department if user has special permission to any department.

2. Click the “Create New Agreement” button. This will redirect to new agreement creation page.
3. Fill in the required fields:
  - Agreement Title (Required)
  - Reference (Required)
  - Department (Required, Dropdown selection)
  - Agreement Type (Required, Dropdown selection)
  - Party (Required, Dropdown selection)
  - Start Date (Required, Date field)
  - Expiry Date (Required, Date field)
  - Reminder Date (Required, Date field)
  - Attachment (Required, File upload)
  - Remarks (Optional)
4. Click "Preview" to review the agreement
5. Click "Edit" to edit the agreement
6. Click "Back" to go back
7. Click "Save" to finalize

### **3.2 Viewing Agreements**

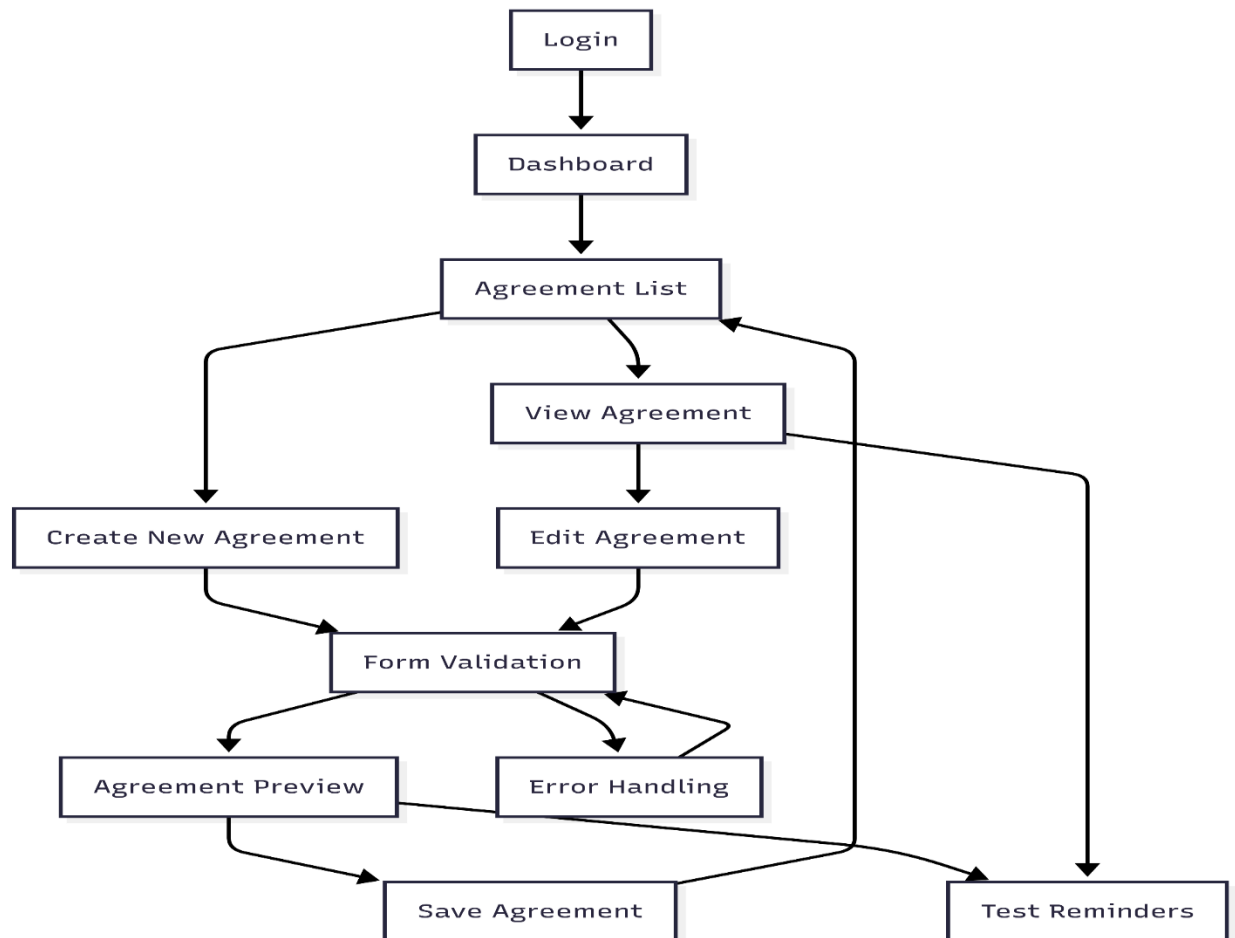

1. From the Agreements, click "View" icon on a particular agreement to view details of the agreement.
2. System-generated information displayed:
  - Agreement ID (Read-only)
  - Created By (Read-only)
  - Agreement Title (Read-only)
  - Agreement Reference (Read-only)
  - Agreement Type (Read-only)
  - Department (Read-only)
  - Party Name (Read-only)
  - Start Date (Read-only)
  - Expiry Date (Read-only)

- Reminder Date (Read-only)
  - Attachment (View-only)
  - Remarks (Read-only)
  - Users with Access (Read-only)
3. Click “Back” to exit the agreement details page

### 3.3 Editing Agreements

1. From the Agreement List, select "Edit" icon on a particular agreement to edit the agreement.
  - Modify the necessary fields
  - Click "Save" to update

**Note:** Editing permissions are department-based. Users must have 'edit' permission for the specific department.

## 4. Admin Panel Functions

### 4.1 Accessing Admin Panel

1. From the Dashboard, click "Administration". This will redirect to my Admin panel

**Note:** Only superusers and users with explicitly granted permissions can access the admin panel using their regular login credentials.

### 4.2 User Management

1. From the Admin panel, click "Users". This will show all the existing users.

2. Click "Add User" to add a new user to the system.

- Add new users with full name, email, password, department.
- Check superuser status box to give the user superuser permission

3. Click “save” to add new user

4. Click on a user to edit or update user info.

5. To delete a user from the system click on the check box beside user name and from action select delete selected users. Then click “go” and click “Yes, I’m sure” to permanently delete the user from the system.

### 4.3 Department Management

1. From the Admin panel, click "Departments". This will show all the existing Departments.

2. Click "Add Department" to add a new department to the system.

- Add new department with name, email, description.

3. Click “save” to add new department

4. Click on a department to edit or update department info.

5. To delete a department from the system click on the check box beside department name and from action select delete selected departments. Then click “go” and click “Yes, I’m sure” to permanently delete the department from the system.

### 4.4 Vendor Management

1. From the Admin panel, click "Vendors". This will show all the existing vendors.

2. Click "Add vendor" to add a new vendor to the system.
  - Add new vendor with name, address, email, phone number, contact person name, contact person designation.
3. Click "save" to add new Vendor.
4. Click on a vendor to edit or update vendor info.
5. To delete a vendor from the system click on the check box beside vendor name and from action select delete selected vendors. Then click "go" and click "Yes, I'm sure" to permanently delete the vendor from the system.

#### **4.5 Agreement Management (Admin)**

1. From the Admin panel, click "Agreements". This will show all the existing agreements.
2. Click "Add agreement" to add a new agreement to the system.
  - Add new agreement with all the required information.
3. Click "save" to add new agreement.
4. Click on an agreement to edit or update agreement info.
5. To delete an agreement from the system click on the check box beside agreement name and from action select delete selected agreements. Then click "go" and click "Yes, I'm sure" to permanently delete the agreement from the system.

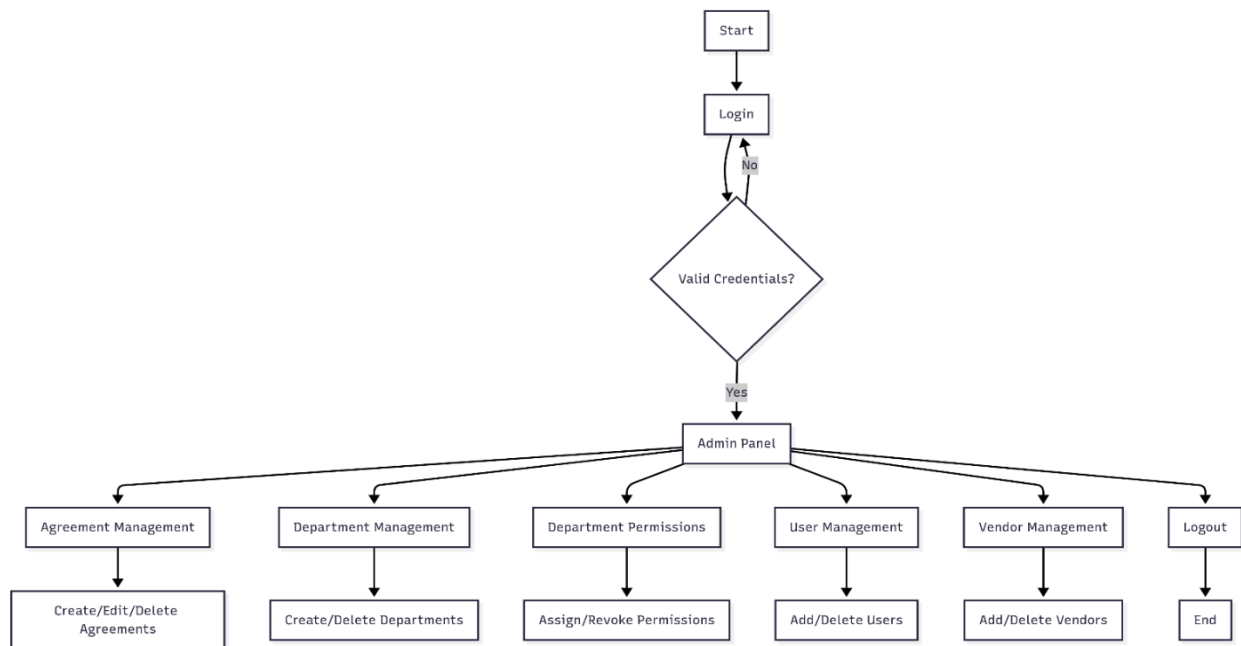

#### **4.6 Department Permissions**

1. From the Admin panel, click "Department permissions". This will show all the existing department permissions.
2. Click "Add department permission" to add a new department permission for a user to the system.
  - Add new department permission with user, department, permission type and approved by.
3. Click "save" to add new department permission.
4. Click on a department permission to edit or update department permission info.
5. To delete a department permission from the system click on the check box beside department permission and from action select delete selected department permissions. Then click "go" and click "Yes, I'm sure" to permanently delete the department permissions from the system.

## 4.7 Agreement Types

1. From the Admin panel, click "Agreement types". This will show all the existing Agreement types
2. Click "Add agreement type" to add a new agreement type to the system.
  - Add new agreement type with name and description.
3. Click “save” to add new agreement type.
4. Click on an agreement type to edit or update agreement type info.
5. To delete an agreement type from the system click on the check box beside agreement type and from action select delete selected agreement types. Then click “go” and click “Yes, I’m sure” to permanently delete the agreement types from the system.

## 5. Reminder System

### 5.1 How Reminders Work

The system automatically sends email reminders for agreement expirations:

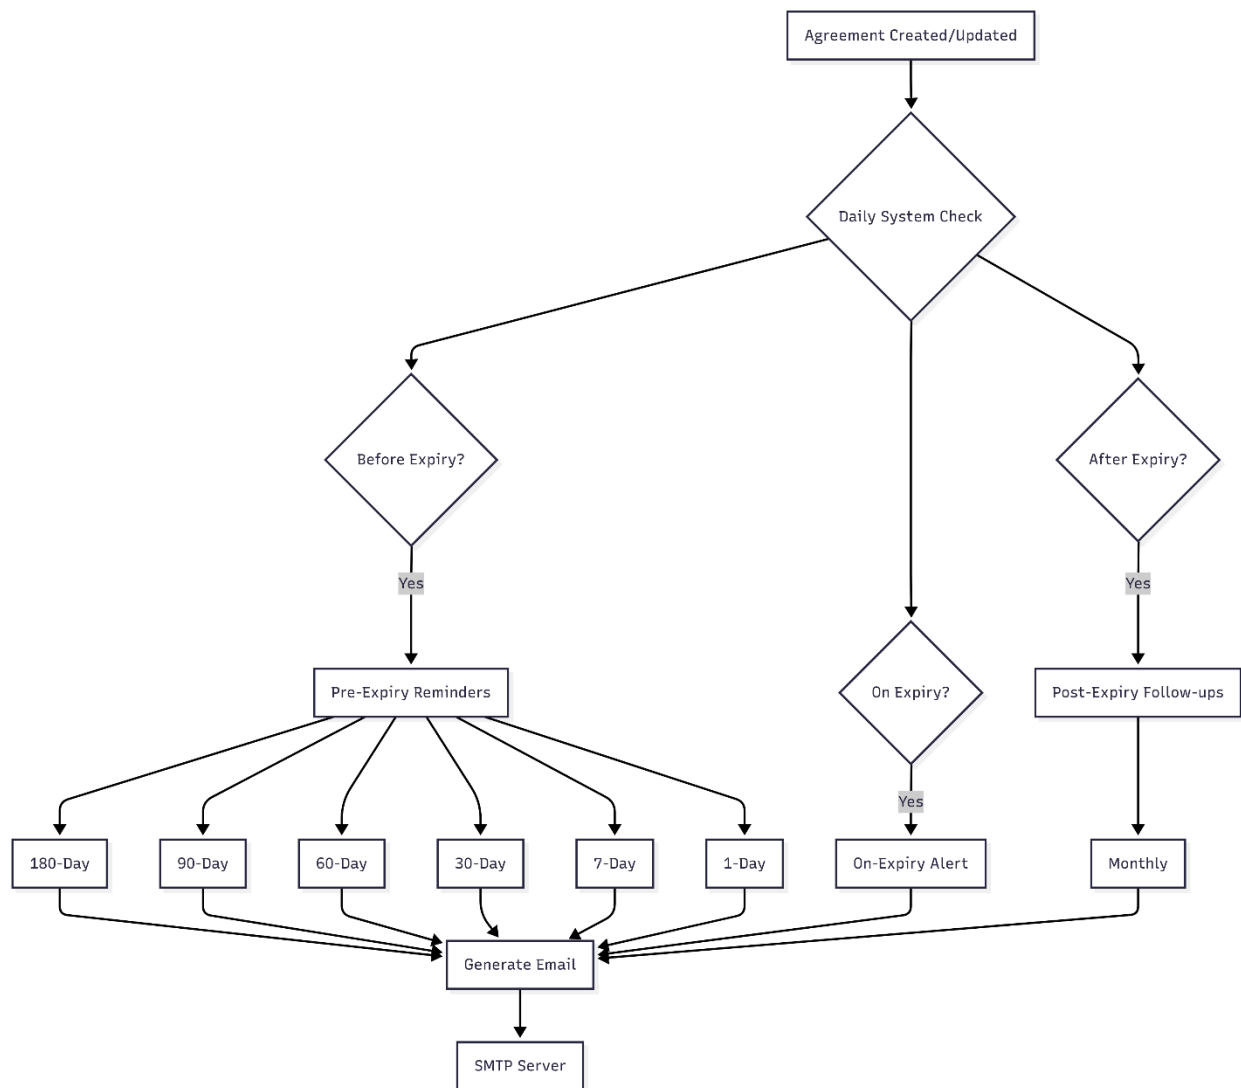

- Pre-expiry reminders: 180, 90, 60, 30, 7, and 1 day before expiration
- On-expiry alerts: Sent on the expiration date

- Post-expiry follow-ups: Monthly after expiration

## 5.2 Email Content

Emails include dynamic variables:

- {{recipient\_name}}: User's name
- {{agreement\_name}}: Title of the agreement
- {{expiry\_date}}: Agreement expiration date
- {{time\_remaining}}: Days remaining until/since expiration
- {{company\_name}}: Sonali Intellect Limited

## 6. Troubleshooting

### 6.1 Common Issues

- **Login failures:** Verify credentials and account status
- **Permission errors:** Contact admin for department access
- **Session expiration:** Re-login after 5 minutes of inactivity
- **Email not received:** Verify email address in profile and check spam folder

### 6.2 Getting Help

For technical support, please contact:

- Your system administrator
- Sonali Intellect Limited support team

## 7. Security Guidelines

- Keep your password confidential
- Do not share login credentials
- Log out after each session, especially on shared devices
- Report any suspicious activity immediately
